CLEAR SECURE, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)****(dollars in thousands, except for share and per share data, unless otherwise noted)****1. Description of Business and Recent Accounting Developments*****Description and Organization***

Clear Secure, Inc. (the “Company” and together with its consolidated subsidiaries, “CLEAR,” “we,” “us,” “our”) is a holding company and its principal asset is the controlling equity interest in Alclear Holdings, LLC (“Alclear”). Alclear was formed as a Delaware limited liability company on January 21, 2010 and operates under the terms of the Second Amended and Restated Operating Agreement dated June 7, 2023 (the “Operating Agreement”). As the sole managing member of Alclear, the Company operates and controls all of the business and affairs of Alclear, and through Alclear and its subsidiaries, conducts the Company’s business.

The Company operates a secure identity network under the brand name CLEAR primarily in the United States. CLEAR's current offerings in the CLEAR Travel portfolio include: CLEAR+, a consumer travel subscription service, which enables access to predictable and fast experiences through dedicated entry lanes in airport security checkpoints within our nationwide network of 62 airports (as of the date of this filing); TSA PreCheck® Enrollment Provided by CLEAR at 61 airports and 281 retail locations (as of the date of this filing); premium services such as CLEAR Concierge; other travel benefits such as expedited passport services; the free CLEAR app which helps travelers plan their trip Home to Gate; and other mobile-first identity solutions such as CLEAR ID. In addition, CLEAR1 is our business to business (“B2B”) multi-layered identity verification solution. We combine biometric, document and device signals with verified data sources to ensure users are who they claim to be. Our B2B partners can select which verification layers to deploy, based on their specific security requirements, risk tolerance and user experience goals. We partner with a breadth of organizations, with a particular focus on Healthcare, Workforce and Governmental organizations where high fidelity identity security is paramount to their operational success. Our scaled Member base and comprehensive secure identity platform underpin our CLEAR Travel and CLEAR1 businesses, maximizing security and minimizing friction for consumers and our enterprise partners.

2. Basis of Presentation and Summary of Significant Accounting Policies

These condensed consolidated financial statements have been prepared in accordance with United States (“U.S.”) generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair presentation have been reflected in these condensed consolidated financial statements. Operating results for the interim periods presented are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2026.

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts that are reported in the condensed consolidated financial statements and accompanying disclosures. Although these estimates are based on management’s best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

These condensed consolidated financial statements and notes thereto should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2025 (the “2025 Form 10-K”). The Company has one operating and reportable segment. See [Note 19](#) for more information.

Recently Adopted Accounting Pronouncements

The Company adopted all applicable standards effective as of December 31, 2025, within these condensed consolidated financial statements. There was no material impact as a result. There are no newly issued standards since December 31, 2025 which require adoption in the six months ended June 30, 2026.

3. Revenue

The Company derives substantially all of its revenue from subscriptions to its consumer aviation service, CLEAR+. For the three and six months ended June 30, 2026 and 2025, no individual airport accounted for more than 10% of membership revenue.

Revenue by Geography

For the three and six months ended June 30, 2026 and 2025, substantially all of the Company's revenue was generated in the United States.

Contract liabilities and assets

The Company's deferred revenue balance primarily relates to amounts received from customers for subscriptions paid in advance of the services being provided that will be earned within the next twelve months. The following table presents changes in the deferred revenue balance for the six months ended June 30, 2026.

	2026
Balance as of January 1	\$ 516,201
Deferral of revenue	554,900
Recognition of deferred revenue	(498,112)
Balance as of June 30	\$ 572,989

The Company has obligations for refunds and other similar items of \$5,054 as of June 30, 2026 recorded within accrued liabilities.

During the six months ended June 30, 2026 and 2025, the Company recognized \$368,224 and \$338,311, respectively, of revenue which was included in the opening deferred revenue balances.

4. Prepaid Expenses and Other Current Assets

Prepaid expenses and other current assets as of June 30, 2026 and December 31, 2025 consist of the following:

	June 30, 2026	December 31, 2025
Prepaid software licenses	\$ 17,102	\$ 16,663
Prepaid insurance costs	655	2,533
Other current assets	13,899	13,641
Total	\$ 31,656	\$ 32,837

5. Fair Value Measurements

The Company values its available-for-sale securities and certain liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, which are described below:

- Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

CLEAR SECURE, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(dollars in thousands, except for share and per share data, unless otherwise noted)

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3 – Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs to the extent possible. In addition, the Company considers counterparty credit risk in its assessment of fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for certain assets and liabilities measured at fair value, which are not considered Level 1 items.

Corporate bonds – Valued at the closing price reported on the active market on which the individual securities, all of which have counterparts with high credit ratings, are traded.

Commercial paper – Value is based on yields currently available on comparable securities of issuers with similar credit ratings.

Money market funds – Valued at the net asset value ("NAV") of units of a collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The contractual maturities of investments classified as marketable securities are as follows:

	June 30, 2026	December 31, 2025
Due within 1 year	\$ 491,122	\$ 416,764
Due within 2 years	339,918	197,675
Total marketable securities	\$ 831,040	\$ 614,439

The following table represents the amortized cost, gross unrealized gains and losses, and fair market value of the Company's marketable securities by significant investment category in addition to their fair value level at June 30, 2026 and December 31, 2025.

	As of June 30, 2026					Level

Total marketable securities	\$ 613,577	\$ 954	\$ (92)	\$ 614,439	

(a) Money market funds that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the condensed consolidated balance sheets.

Of the total marketable securities held at fair value as of June 30, 2026, none were in a continuous unrealized loss position for 12 months or longer. The Company had no continuous unrealized loss positions in relation to marketable securities as of June 30, 2026 or December 31, 2025 that were as a result of credit deterioration. For the periods presented the Company does not intend to nor will it be required to sell any securities before recovery of their amortized cost bases.

For certain other financial instruments, including accounts receivable, accounts payable, accrued liabilities, as well as other current liabilities, the carrying amounts approximate the fair value of such instruments due to the short maturity of these balances.

12. Stockholders' Equity

Common Stock

The Company has issued and will issue shares of its common stock as a result of transactions in relation to exchanges and vesting of restricted stock units ("RSUs").

Treasury Stock

The Company's treasury stock consists of shares repurchased under the Company's share repurchase program that are not retired by the Company's board of directors (the "Board"). The Company's treasury stock can be utilized to settle equity-based compensation awards issued by the Company and is excluded from the calculation of the non-controlling interest ownership percentage.

Share Repurchases

During the six months ended June 30, 2026, the Company repurchased and retired 39,901 shares of its Class A Common Stock for \$1,238 at an average price of \$31.02. As of June 30, 2026, \$250,271 remained available under the repurchase authorization.

Special and Quarterly Dividends

Below is a summary of the Company's quarterly and special dividends declared and paid to holders of record of Class A Common Stock and Class B Common Stock during the six months ended June 30, 2026 and 2025:

Dividend Type	Dividend Declaration Date	Record Date	Payment Date	Dividend per Share
Quarterly	February 21, 2025	March 10, 2025	March 18, 2025	\$ 0.125
Quarterly	May 6, 2025	June 10, 2025	June 17, 2025	\$ 0.125
Quarterly	February 25, 2026	March 10, 2026	March 24, 2026	\$ 0.150
Quarterly	May 6, 2026	June 10, 2026	June 24, 2026	\$ 0.150
Special	February 21, 2025	March 10, 2025	March 18, 2025	\$ 0.270
Special	February 25, 2026	March 10, 2026	March 24, 2026	\$ 0.200

To the extent the quarterly or special dividends exceed the Company's current and accumulated earnings and profits, a portion of such dividends may be deemed a return of capital to the holders of our Class A Common Stock or Class B Common Stock, as applicable.

Non-Controlling Interest

The non-controlling interest balance represents the economic interest in Alclear held by our founder, Caryn Seidman Becker (the "Founder"), and members of Alclear. The non-controlling interest holders have the right to exchange Alclear Units, together with a corresponding number of shares of Class C Common Stock for Class A Common Stock or Class D Common Stock for Class B Common Stock. As such, exchanges by non-controlling interest holders will result in a change in ownership and reduce the amount recorded as non-controlling interest and increase Class A Common Stock or B Common Stock and additional paid-in-capital for the Company. Upon the issuance of shares Class A Common Stock or B Common Stock, Alclear issues a proportionate number of Alclear Units in conjunction with the terms of the the Company's reorganization

During the six months ended June 30, 2026, the Company issued 2,449,104 shares of Class A Common Stock in connection with exchange of Class C Common Stock or Class D Common Stock, as well as those issued in connection with the conversion of Class B Common Stock.

The non-controlling interest ownership percentage declined from 26.18% as of December 31, 2025 to 24.21% as of June 30, 2026.

13. Incentive Plans*2021 Omnibus Incentive Plan*

The Clear Secure, Inc 2021 Omnibus Incentive Plan ("2021 Omnibus Incentive Plan") became effective on June 29, 2021 to provide grants of equity-based awards to the employees, consultants, and directors of the Company and its affiliates.

The 2021 Omnibus Incentive Plan authorized the issuance of up to 20,000,000 shares of Class A Common Stock as of the date of the Company's reorganization. The 2021 Omnibus Incentive Plan authorized the issuance of shares pursuant to the grant, settlement or exercise of RSUs, RSAs, stock options and other share-based awards. Beginning with the first business day of each calendar year beginning in 2022 through 2031, the number of shares available will increase in an amount up to 5% of the total number of common shares outstanding (assuming exchange and/or conversion of all classes of common shares into Class A Common Stock) as of the last day of the immediately preceding year or a lesser amount approved by the Board or its compensation committee, so long as the total share reserve available for future awards at the time is not more than 12% of common shares outstanding (assuming exchange and/or conversion of all classes of common shares into Class A Common Stock). For fiscal year 2026, the Compensation Committee of the Board approved no increase in the 2021 Omnibus Incentive Plan, which such increase would have been effective on the first business day of 2026.

Restricted Stock Units

RSUs are subject to both service-based and, in some cases, performance-based vesting conditions. RSUs will vest on a specified date, provided the applicable service (generally three years) and, if applicable, when certain performance conditions are probable of satisfaction. The RSUs with performance-based vesting conditions are generally subject to long-term revenue and cash-basis earnings performance hurdles. The Company determines the fair value of each RSU based on the grant date and records the expense over the vesting period or requisite service period on a straight-line basis and for performance-based vesting awards, whether they are probable or not.

The following is a summary of activity related to the RSUs associated with compensation arrangements during the six months ended June 30, 2026:

	RSU's	Weighted-Average Grant-Date Fair Value

After evaluating the potential dilutive effect under the if-converted method, the outstanding Alclear Units for the assumed exchange of non-controlling interests were determined to be anti-dilutive and thus were excluded from the computation of diluted earnings per share.

The following tables present potentially dilutive securities excluded from the computations of diluted earnings per share of Class A and Class B Common Stock for the three and six months ended June 30, 2026 and 2025:

For both the three and six months ended June 30, 2026, the Company has excluded 5,253,880 potentially dilutive shares from the tables above as they had performance conditions that were not achieved as of the end of the periods above.

15. Income Taxes

The Company is the sole managing member of Alclear, which is treated as a partnership for U.S. federal and most applicable state and local income tax purposes. As a partnership, Alclear is generally not subject to U.S. federal and most state and local income taxes. Any taxable income or loss generated by Alclear is passed through to and included in the taxable income or loss of its members, including us, on a pro rata basis. The Company is subject to U.S. federal income taxes in the U.S. and its territories, in addition to state and local income taxes with respect to our allocable share of any taxable income or loss of Alclear, as well as any stand-alone income or loss generated by the Company. The Company is also subject to income taxes in Israel, Argentina, and Mexico.

(dollars in thousands, except for share and per share data, unless otherwise noted)

The Company reported a tax expense of \$19,045 on a pretax income of \$91,355 for the three months ended June 30, 2026 as compared to a tax expense of \$6,431 on a pretax income of \$44,306 for the three months ended June 30, 2025. This resulted in an effective tax rate of 20.8% for the three months ended June 30, 2026 as compared to 14.5% for the three months ended June 30, 2025. The Company reported a tax expense of \$3,406 on a pretax income of \$162,100 for the six months ended June 30, 2026, as compared to a tax expense of \$11,853 on a pretax income of \$88,311 for the six months ended June 30, 2025. This resulted in an effective tax rate of 20.6% for the six months ended June 30, 2026 as compared to 13.4% for the six months ended June 30, 2025. The Company's effective tax rate differs from the statutory rate primarily due to the following: (1) the impact of Alclear being a partnership and allocating its taxable results to its non-controlling members, (2) impact of state and foreign taxes, and (3) movement in valuation allowance. The Company paid \$7,635 and \$17,077, respectively, in estimated income taxes for the three and six months ended June 30, 2026, respectively.

The Company is subject to income taxes in the U.S. and its territories, Israel, Argentina, and Mexico. The statute of limitations for adjustments to our historic tax obligations will vary from jurisdiction to jurisdiction. The tax years for U.S. federal and state income tax purposes open for examination are for the years ending December 31, 2020 and forward. The tax years for foreign jurisdictions open for examination are for the years ending December 31, 2020 and forward.

During the six months ended June 30, 2026, the Company repurchased 39,901 shares of its Class A Common Stock. However, there was no excise tax as of June 30, 2026 because the stock issuances were in excess of repurchases.

Tax Receivable Agreement

The Company entered into a Tax Receivable Agreement ("TRA"), which generally provides for payment by the Company to the remaining members of Alclear of 85% of the net cash savings, if any, in U.S. federal, state and local income tax and franchise tax that Clear Secure, Inc. actually realizes or is deemed to realize as a result of (i) any increase in tax basis in Alclear's assets resulting from (a) exchanges by the post-IPO members of Alclear (the "Alclear Members") (or their transferees or other assignees) of Alclear Units (along with the corresponding shares of our Class C Common Stock or Class D Common Stock, as applicable) for shares of the Company's Class A Common Stock or Class B Common Stock, as applicable, and purchases of Alclear Units and corresponding shares of Class C Common Stock or Class D Common Stock, as the case may be, from the Alclear Members (or their transferees or other assignees) or (b) payments under the TRA, and (ii) tax benefits related to imputed interest deemed arising as a result of payments made under the TRA. The Company will retain the benefit of the remaining 15% of these net cash savings.

The TRA liability is calculated by determining the tax basis subject to TRA ("tax basis") and applying a blended tax rate to the basis differences and calculating the iterative impact. The blended tax rate consists of the U.S. federal income tax rate and an assumed combined state and local income tax rate driven by the apportionment factors applicable to each state. Subsequent changes to the measurement of the TRA liability are recognized in the condensed consolidated statements of operations as a component of other income (expense), net.

The Company expects to obtain an increase in the share of the tax basis of its share of the assets of Alclear when Alclear Units are redeemed or exchanged by Alclear Members and other qualifying transactions. This increase in tax basis may have the effect of reducing the amounts that the Company would otherwise pay in the future to various tax authorities. The increase in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

During the six months ended June 30, 2026, the Company issued 2,449,104 shares of Class A Common Stock to certain non-controlling interest holders who exchanged their Alclear Units. Refer to [Note 12](#) for further details. These exchanges resulted in a tax basis increase subject to the provisions of the TRA. The recognition of the Company's liability under the TRA mirrors the recognition related to its deferred tax assets. As of June 30, 2026, the Company has recognized the deferred tax asset of \$301,994 for the step-up in tax basis, as the asset is more-likely-than-not to be realized. As a result, the Company has determined the TRA liability is probable and therefore has recorded a tax receivable agreement liability of \$256,695 of which \$11,837 is expected to be paid within twelve months of June 30, 2026 and is recorded within accrued expenses in the accompanying balance sheet.

Tax Distributions

The members of Alclear, including Clear Secure, Inc., incur U.S. federal, state and local income taxes on their share of any taxable income of Alclear. The Operating Agreement provides for pro rata cash distributions (“tax distributions”) to the holders of the Alclear Units in an amount generally calculated to provide each member of Alclear with sufficient cash to cover its tax liability in respect of the taxable income of Alclear allocable to them. In general, these tax distributions are computed based on Alclear’s estimated taxable income, multiplied by an assumed tax rate as set forth in the Operating Agreement.

For the six months ended June 30, 2026, Alclear paid tax distributions, including withholding taxes, of \$7,229, to holders of Alclear Units other than Clear Secure, Inc. and the state tax authorities.

16. Commitments and Contingencies***Litigation***

From time to time, the Company is involved in various legal proceedings arising in the ordinary course of business. The Company records a liability when it believes that it is probable that a loss will be incurred and the amount of loss or range of loss can be reasonably estimated. Based on the currently available information, the Company does not believe that there are claims or legal proceedings that would have a material adverse effect on the business, or the condensed consolidated financial statements of the Company.

Commitments other than leases

The Company is subject to minimum spend commitments of \$0 over the next two years under certain service arrangements.

In conjunction with the Company’s revenue share agreements with the airports, certain agreements contain minimum annual contracted fees. These future minimum payments are as follows as of June 30, 2026:

2026	\$	15,302
2027		30,341
2028		25,184
2029		9,851
2030		5,320
Thereafter		253
Total	\$	86,251

The Company has commitments for future marketing expenditures to sports stadiums of \$5,117 through 2027. For the three months ended June 30, 2026 and 2025, marketing expenses related to sports stadiums were \$938 and \$1,483, respectively. For the six months ended June 30, 2026 and 2025 marketing expenses related to sports stadiums were \$1,918 and \$2,747, respectively.

17. Employee Benefit Plan

The Company has a 401(k) retirement, savings and investment plan (the “401(k) Plan”). Participants make contributions to the 401(k) Plan in varying amounts, up to the maximum limits allowable under the Internal Revenue Code. For the three months ended June 30, 2026 and 2025, the Company recorded expense of \$1,212 and \$1,199, respectively, within the condensed consolidated statements of operations. For the six months ended June 30, 2026 and 2025, the Company recorded expense of \$2,595 and \$2,601, respectively, within the condensed consolidated statements of operations.

In March 2020, the Company entered into a credit agreement for a three-year \$50,000 revolving credit facility, with a group of lenders (the "Credit Agreement"). In April 2021, the Company entered into Amendment No. 1 to the Credit Agreement that increased the commitments under the revolving credit facility to \$100,000, which extended the maturity date to March 31, 2024. The revolving credit facility includes a letter of credit sub-facility. In June 2023, the Company entered into Amendment No. 2 to the Credit Agreement to transition from London Interbank Offered Rate to the Secured Overnight Financing Rate ("SOFR") as our benchmark interest rate and to extend the maturity date to June 28, 2026. The Company incurred immaterial debt issuance costs in connection to Amendment No. 2 to the Credit Agreement. In November 2024, the Company entered into Amendment No. 3 to the Credit Agreement to increase the letter of credit sublimit from \$35,000 to \$50,000. In June 2026, the Company entered into Amendment No. 4 to (i) reduce the lender commitments under the Credit Agreement from \$100,000 to \$50,000 and (ii) extend the maturity date to June 23, 2031. The line of credit has not been drawn against as of June 30, 2026. Prepaid loan fees related to this facility are capitalized and amortized over the remaining term of the credit agreement. The balance expected to be amortized within twelve months from the balance sheet date is presented within Prepaid expenses and other current assets on the condensed consolidated balance sheets, while the long term portion is presented within Other assets in the condensed consolidated balance sheets.

The Credit Agreement contains customary terms and conditions, including limitations on consolidations, mergers, indebtedness, and certain payments, as well as a financial covenant relating to leverage. Borrowings under the Credit Agreement generally will bear a floating interest rate per year and will also include interest based on the greater of the prime rate, SOFR, or New York Federal Reserve Bank (NYFRB) rate, plus an applicable margin for specific interest periods.

As of June 30, 2026, the Company had a remaining borrowing capacity of \$17,725, net of standby letters of credit, and had no outstanding debt obligations.

In addition, the Credit Agreement contains certain other covenants (none of which relate to financial condition), events of default and other customary provisions. As of June 30, 2026, the Company was in compliance with all of the financial and non-financial covenants of the Credit Agreement.

19. Segment Information

The Company is organized and operates as a single operating and reportable segment, which aligns with the way the Chief Operating Decision Maker ("CODM"), who is the Chief Executive Officer, evaluates financial performance and results and allocates resources based on the consolidated results of the Company as a whole. The Company's operations are primarily focused on growing and maintaining its secure identity network across multiple offerings in both aviation and non-aviation channels. See [Note 1](#) for further information on the Company's operations and services from which it derives its revenues.

Operating income and assets are managed at the consolidated level, and there are no separate components that are regularly reviewed for performance or allocation of resources. Consolidated operating income as reported in the financial statements is used by the CODM to monitor budget versus actual results, review performance and allocate resources. The Company's condensed consolidated financial statements within this Quarterly Report on Form 10-Q reflect the Company's operations for its single operating and reportable segment.

Total revenues and long-lived assets outside of the United States are immaterial for each of the three and six months ended June 30, 2026 and 2025.

20. Subsequent Events*Quarterly Dividend*

On August 5, 2026, the Company announced that its Board declared a quarterly dividend of \$0.15 per share, payable on September 24, 2026 to holders of record of Class A Common Stock as of the close of business on September 10, 2026 (the

“Record Date”). The Company will fund the dividend from proportionate cash distributions by Alclear to all of its members as of the Record Date, including holders of non-controlling interests in Alclear and the Company.

To the extent the quarterly dividend exceeds the Company's current and accumulated earnings and profits, a portion of such dividend may be deemed a return of capital to the holders of our Class A Common Stock, as applicable.

Share Repurchases

During the third quarter of 2026, the Company used \$22,431 to repurchase and retire 425,417 shares of Class A Common Stock at an average price of \$2.73.

Conversion of Class B Common Stock and Class D Common Stock

On July 2, 2026, pursuant to the sunset provisions described in the Company's prospectus and set forth in the Company's Fourth Amended and Restated Certificate of Incorporation, 151,787 shares of Class B Common Stock and 18,380,246 shares of Class D Common Stock automatically converted on a one-for-one basis into Class A Common Stock and Class C Common Stock, respectively. Following the automatic conversion, there were no outstanding shares of Class B Common Stock and Class D Common Stock.

Founder PSU Vesting

On July 2, 2026, an additional 133,286 Founder PSUs vested on a pro-rated basis pursuant to the straight-line interpolation provisions of the awards, as the Company's stock price exceeded the first price hurdle but did not fully achieve the second price hurdle. The vested Founder PSUs were settled through the issuance of 91,151 shares of Class A Common Stock, net of 42,135 shares withheld to satisfy applicable tax withholding obligations. By their terms, all unvested Founder PSUs remaining after the final vesting on July 2, 2026 were forfeited on the same date.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to help readers understand our results of operations, financial condition and cash flows and should be read in conjunction with the audited consolidated financial statements and the related notes included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 ("Annual Report on Form 10-K"). This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those discussed below.

For purposes of this MD&A, the term "we" and other forms thereof refer to Clear Secure, Inc. and its subsidiaries (collectively, the "Company"), which includes Alclear Holdings, LLC ("Alclear").

Forward-Looking Statements

This quarterly report includes certain forward-looking statements within the meaning of the federal securities laws regarding, among other things, our or management's intentions, plans, beliefs, expectations or predictions of future events, which are considered forward-looking statements. You should not place undue reliance on those statements because they are subject to numerous uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. Forward-looking statements include information concerning our possible or assumed future results of operations, including descriptions of our business strategy. These statements often include words such as "may," "will," "should," "believe," "expect," "anticipate," "intend," "plan," "estimate," or similar expressions. These statements are based upon assumptions that we have made in light of our experience in the industry, as well as our perceptions of historical trends, current conditions, expected future developments and other factors that we believe are appropriate under the circumstances. As you read this quarterly report, you should understand that these statements are not guarantees of performance or results. They involve known and unknown risks, uncertainties and assumptions, including those described under the heading "Risk Factors" in our Annual Report on Form 10-K. Although we believe that these forward-looking statements are based upon reasonable assumptions, you should be aware that many factors, including those described under the heading "Risk Factors" in our Annual Report on Form 10-K, could affect our actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements.

Our forward-looking statements made herein are made only as of the date of this quarterly report. We expressly disclaim any intent, obligation or undertaking to update or revise any forward-looking statements made herein to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statements are based. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements contained in this quarterly report.

Overview

Clear Secure, Inc. (the "Company" or "CLEAR") is a secure identity company making experiences safer and easier - both digitally and physically. We make everyday experiences frictionless by connecting your identity to all the things that make you, YOU - transforming the way you live, work, and travel. CLEAR has been delivering secure, frictionless experiences in airports for over 15 years, achieving exceptional user delight and trust with CLEAR+, our consumer travel subscription service. CLEAR+ enables access to predictable and fast experiences through dedicated entry lanes in airport security checkpoints nationwide. Additionally, our CLEAR Travel portfolio includes TSA PreCheck® Enrollment Provided by CLEAR, premium services such as CLEAR Concierge, other travel benefits such as expedited passport services, our free CLEAR app which helps travelers plan their trip Home to Gate, and other mobile-first identity solutions such as CLEAR ID. Our CLEAR Travel portfolio extends CLEAR's value proposition beyond the airport lane and supports our strategy to expand use cases, increase engagement and address new customer segments such as international travelers. CLEAR1 is our business to business ("B2B") multi-layered identity verification solution. We combine biometric, document and device signals with verified data sources to ensure users are who they claim to be. Our B2B partners can select which verification layers to deploy, based on their specific security requirements, risk tolerance and user experience goals. We partner with a breadth of organizations, with a particular focus on Healthcare, Workforce and Governmental organizations where high fidelity identity security is paramount to their operational success. Our scaled Member base and comprehensive secure identity platform underpin our CLEAR Travel and CLEAR1 businesses, maximizing security and minimizing friction for consumers and our enterprise partners.

Key Factors Affecting Performance

We believe that our current and future financial growth are dependent upon many factors, including the key factors affecting performance described below.

Ability to Grow Total CLEAR Members

We are focused on growing Total CLEAR Members and the number of Members that engage with our platform. Our operating results and growth opportunities depend, in part, on our ability to attract new Members, including paying Members (CLEAR+ Members) as well as new platform Members. We rely on multiple channels to attract new CLEAR+ Members, including in-airport (our largest channel) which in turn is dependent on the ongoing ability of our Ambassadors to successfully engage with the traveling public. We also rely on numerous digital channels such as our website, mobile app and paid search. We also entered into strategic distribution partnerships with partners such as Delta Air Lines, United Airlines, Alaska Airlines, and American Express that promote our services to their customers on a discounted or subsidized basis which helps us to efficiently scale membership in CLEAR+. Through our partnership with American Express, eligible card members receive statement credits for all or a portion of their CLEAR+ membership. We initially entered into our partnership with American Express in 2019. In February 2026, we executed a multi-year renewal of the partnership with American Express. In many cases, we offer limited time trials to new Members who may convert to paying Members upon the completion of their trial. Our future success is dependent on those channels continuing to drive new Members and our ability to convert trial Members into paying Members.

Ability to retain CLEAR+ Members

Our ability to execute on our growth strategy is focused, in part, on our ability to retain our existing CLEAR+ Members. Frequency and recency of usage are the leading indicators of retention, and we must continue to provide frictionless and predictable experiences that our Members will use in their daily lives. We are subject to various factors which may be out of our control and may impact our Member experience, such as checkpoint staffing generally, checkpoint queue configurations and Registered Traveler policies adopted by TSA. For example, the TSA employs varied randomization as part of their normal security processes. If the TSA materially increases randomized reverification rates for CLEAR+ Members at the checkpoint or makes other adjustments to checkpoint processes, it may negatively impact the Lane experience and therefore may impact our ability to retain CLEAR+ Members.

The value of the CLEAR platform to our Members increases as we add more use cases and partnerships, which in turn drives more frequent usage and strong retention. We cannot be sure that we will be successful in retaining our Members due to any number of factors such as our inability to successfully implement a new product, adoption of our technology, harm to our brand or other factors. If our efforts to develop and offer more benefits are not valued by our current and future CLEAR+ Members, our ability to attract and retain CLEAR+ Members, or increase pricing, may be negatively impacted.

Ability to add new partners, retain existing partners and generate new revenue streams

Our partners include local airport authorities, airlines and other businesses. Our future success depends on maintaining those relationships, adding new relationships and maintaining favorable business terms. In addition, our growth strategy relies on creating new revenue streams such as per partner, per Member or per use transaction fees. Although we believe our service provides significant value to our partners, our success depends on creating mutually beneficial partnership agreements. We are focused on innovating both our product and our platform to improve our Members' experience, improve safety and security and introduce new use cases. We intend to accelerate our pace of innovation to add more features and use cases, to ultimately deliver greater value to our Members and partners. In the near term, we believe that growing our Member base facilitates our ability to add new partnerships and provide additional offerings, which we expect will lead to revenue generation opportunities in the long term.

Timing of new partner, product and location launches

Our financial performance is dependent in part on new partner, product and location launches. In many cases, we cannot predict the exact timing of those launches. Delays, resulting either from internal or external factors, may have a material effect on our financial results.

Timing of expenses; Discretionary investments

Although many of our expenses occur in a predictable fashion, certain expenses may fluctuate from period to period due to timing.

In addition, management may make discretionary investments when it sees an opportunity to accelerate growth, add a new partner or acquire talent, among other reasons. This may lead to volatility or unpredictability in our expense base and in our profitability.

Maintaining strong unit economics

Our business model is powered by network effects and has historically been characterized by efficient Member acquisition and high Member retention rates. While we believe our unit economics will remain attractive, this is dependent on our ability to add new Members efficiently and maintain our historically strong retention rates. As we grow our market penetration, the cost to acquire new Members could increase and the experience we deliver to Members could degrade, causing lower retention rates.

Changes to the macro and regulatory environment

Our business is dependent on macroeconomic and other events outside of our control, such as decreased levels of travel or attendance at events, changes in government policy and regulation, terrorism, civil unrest, political instability, union and other transit related strikes and other general economic conditions. We are also subject to changes in discretionary consumer spending.

Taxation and Expenses

We are subject to U.S. federal, state and local income taxes with respect to our allocable share of any taxable income of Alclear and will be taxed at the prevailing corporate tax rates. Alclear is treated as a flow-through entity for U.S. federal income tax purposes, and as such, has generally not been subject to U.S. federal income tax at the entity level.

In addition to tax expense, we incur expenses related to our operations, plus payments under the tax receivable agreement (“TRA”) described below, which we expect to be significant. We intend to cause Alclear to make distributions in an amount sufficient to allow us to pay our tax obligations and operating expenses, including distributions to fund any ordinary course payments under the TRA.

We have and we expect to continue to incur increased amounts of compensation expense, including related to equity awards granted under the 2021 Omnibus Incentive Plan to both existing employees and newly-hired employees, and grants in connection with new hires could be significant.

The Company maintains a TRA with the Alclear Members that provides for the payment by us to the Alclear Members of 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax or franchise tax that we actually realize (computed using simplifying assumptions to address the impact of state and local taxes) as a result of (i) any increase in tax basis in Alclear’s assets resulting from (a) exchanges by the Alclear Members (or their transferees or other assignees) of Alclear Units (along with the corresponding shares of our Class C Common Stock or Class D Common Stock, as applicable) for shares of our Class A common stock, \$0.00001 par value per share (“Class A Common Stock”) or Class B common stock, \$0.00001 par value per share (“Class B Common Stock”) as applicable, and purchases of Alclear Units and corresponding shares of Class C common stock, par value \$0.00001 per share (“Class C Common Stock”) or Class D common stock, \$0.00001 par value per share (“Class D Common Stock” and, together with the Class A Common Stock, Class B Common Stock and Class C Common Stock, collectively, “Common Stock”), as the case may be, from Alclear Members (or their transferees or other assignees) or (b) payments under the TRA, and (ii) tax benefits related to imputed interest deemed arising as a result of payments made under the TRA.

The actual increase in tax basis, as well as the amount and timing of any payments under these agreements, varies depending upon a number of factors, including the timing of exchanges by or purchases from the Alclear Members, the price of our Class A Common Stock at the time of the exchange, the extent to which such exchanges are taxable, the amount and timing of the taxable income we generate in the future and the tax rate then applicable and the portion of our payments under the TRA constituting imputed interest.

Key Performance Indicators

To evaluate performance of the business, we utilize a variety of other non-GAAP financial reporting and performance measures. These key measures include Total Bookings, Total CLEAR Members, and Active CLEAR+ Members.

Total Bookings

Total Bookings represent our total revenue plus the change in deferred revenue during the period. Total Bookings in any particular period reflect sales to new and renewing CLEAR+ subscribers plus any accrued billings to partners. Management believes that Total Bookings is an important measure of the current health and growth of the business and views it as a leading indicator.

	Three Months Ended June 30,				Six Months Ended June 30,			
	2026	2025	\$ Change	% Change	2026	2025	\$ Change	% Change
Total Bookings (in millions)	\$ 295.9	\$ 222.9	\$ 73.0	33%	\$ 587.6	\$ 430.1	\$ 157.5	37%

Total Bookings increased by \$73.0 million, or 33%, for the three months ended June 30, 2026 compared to the three months ended June 30, 2025. The increase was primarily driven by growth in Active CLEAR+ Members as well as price increases.

Total Bookings increased by \$157.5 million, or 37%, for the six months ended June 30, 2026 compared to the six months ended June 30, 2025. The increase was primarily driven by growth in Active CLEAR+ Members as well as price increases.

Total CLEAR Members

We define Total CLEAR Members as the cumulative number of Members that have registered for the CLEAR platform since inception as of the end of the period. This includes Members who have enrolled through CLEAR+, trials, single-use product purchases, other non-paid uses of the CLEAR platform, and associated family accounts. Total CLEAR Members exclude members who are solely marketing opt-ins and purged accounts, and are adjusted to remove identified duplicate non-paid accounts. Management views this metric as an important tool to analyze the efficacy of our growth and marketing initiatives as new Members are potentially a current and leading indicator of revenues.

	As of June 30,			
	2026	2025	Change	% Change
Total CLEAR Members (in thousands)	43,501	33,472	10,029	30%

Total CLEAR Members were 43,501 as of June 30, 2026 and 33,472 as of June 30, 2025, which represented a 30% increase. The year-over-year increase was driven by CLEAR1 and CLEAR+ Member enrollments.

Active CLEAR+ Members

We define Active CLEAR+ Members as the number of members with an active CLEAR+ subscription as of the end of the period. This includes CLEAR+ members who have an activated payment method, plus associated family accounts and is inclusive of Members who are in a trial or in a billing grace period. Management views this as an important tool to measure the growth of its CLEAR+ product.

Prior period Active CLEAR+ Members have been recast to reflect the removal of certain lapsed accounts identified in connection with a billing system transformation project undertaken during 2025. This recast had no impact on our consolidated financial statements or non-GAAP financial measures. There has been no other change in the calculation of Active CLEAR+ Members.

	As of June 30,			
	2026	2025	Change	% Change
Active CLEAR+ Members (in thousands)	8,329	7,227	1,102	15 %

Active CLEAR+ Members was 8,329 as of June 30, 2026 and 7,227 as of June 30, 2025, which represented a 15% increase, driven by new Members added through new and existing airports as well as partner and organic channels.

Non-GAAP Financial Measures

In addition to our results as determined in accordance with GAAP, we disclose Adjusted EBITDA, Adjusted EBITDA Margin, and Free Cash Flow as non-GAAP financial measures that management believes provide useful information to investors. These measures are not financial measures calculated in accordance with GAAP and should not be considered as a substitute for net income, net income margin, net cash provided by (used in) operating activities or any other operating performance measure calculated in accordance with GAAP, and may not be comparable to a similarly titled measure reported by other companies. Our Non-GAAP financial measures are expressed in thousands.

We periodically reassess the components of our Non-GAAP adjustments for changes in how we evaluate our performance and changes in how we make financial and operational decisions to ensure the adjustments remain relevant and meaningful.

Adjusted EBITDA and Adjusted EBITDA Margin

We define Adjusted EBITDA as net income adjusted for income taxes, interest (income), net, depreciation and amortization, impairment and losses on asset disposals, equity-based compensation expense, net other (income) expense excluding sublease rental income, acquisition-related costs and changes in fair value of contingent consideration. We define Adjusted EBITDA Margin as Adjusted EBITDA expressed as percentage of revenue. Adjusted EBITDA and Adjusted EBITDA Margin are important financial measures used by management and our board of directors (“Board”) to evaluate business performance. We believe Adjusted EBITDA and Adjusted EBITDA Margin assist investors in evaluating the performance of the Company’s core operations by excluding certain items that impact the comparability of results from period to period.

Free Cash Flow

We define Free Cash Flow as net cash (used in) provided by operating activities adjusted for purchases of property. We believe Free Cash Flow provides useful information to management and investors about the Company’s liquidity and cash flow trends. With regards to our CLEAR+ subscription service, we generally collect cash from our Members upfront for annual subscriptions. As a result, when the business is growing Free Cash Flow can be a real time indicator of the current trajectory of the business.

See below for reconciliations of these non-GAAP financial measures to their most comparable GAAP measures.

Components of Results of Operations
Revenue

The Company derives substantially all of its revenue from subscriptions to its consumer aviation service, CLEAR+. The Company offers certain limited-time trials, family pricing, and other beneficial pricing through several channels, including airline and credit card partnerships. Membership subscription revenue is presented net of taxes, refunds, and credit card chargebacks. Membership subscription revenue is also reduced by the Company's funded portion of credit card benefits issued to certain Members through a partnership with a credit card company. The Company's funded portion varies based on total number of Members for the contract year.

The Company generates additional revenue from TSA PreCheck® Enrollment Provided by CLEAR. The Company offers both online and in person enrollments and renewals across multiple locations, and plans to continue to launch additional locations on a rolling basis, subject to TSA approval. The Company recognizes the revenue from these services net of fees remitted to TSA and the Federal Bureau of Investigation within the Company's condensed consolidated statements of operations. The Company recognizes these revenues on a per transaction basis upon completion of each enrollment or renewal.

The Company also generates revenue in relation to CLEAR1. While contract structure may vary by use case, these deals are typically multi-year agreements that drive revenue through transaction fees (charged per use or per user) in addition to an annual platform fee. In addition, they may also include one-time implementation fees, licensing fees or incremental transaction fees. Revenues from our partners, and the percentage of our total revenue from these partners, have historically been immaterial. Although platform Members may not contribute directly to our revenues, they are valuable to our platform as they indirectly contribute revenues and drive new partners to CLEAR.

Operating Expenses
Cost of revenue share fee

The Company operates as a concessionaire in airports and shares a portion of the gross receipts generated both from the Company's Members and from TSA PreCheck® Enrollment Provided by CLEAR with the host airports, retail locations, and/or airlines ("Revenue Share"). The Revenue Share fee from CLEAR+ Members is generally prepaid to the host airport in the period collected from the Member. The Revenue Share fee is generally capitalized and subsequently amortized to operating expense over each Member's subscription period. Such prepayments are recorded in "Prepaid revenue share fee" in the Company's condensed consolidated balance sheets. Cost of revenue share fee also includes a fixed fee component which is

expensed in the period incurred and certain overhead related expenses paid to the airports in relation to our Revenue Share arrangements.

Cost of direct salaries and benefits

Cost of direct salaries and benefits includes employee-related expenses and allocated overhead associated with our field Ambassadors, field managers directly assisting Members, their corresponding travel related costs, and costs incurred in Member support. Employee-related costs recorded in direct salaries and benefits consist of salaries, taxes, benefits and equity-based compensation and expenses under arrangements related to the use of certain space at airports.

Research and development

Research and development expenses consist primarily of employee related expenses, allocated overhead costs and costs for contractors related to the Company's development of new products and services and improving existing products and services. Research and development costs are generally expensed as incurred, except for costs incurred in connection with the development of internal-use software that qualify for capitalization as described in our internal-use software policy. Employee related compensation costs consist of salaries, taxes, benefits and equity-based compensation.

Sales and marketing

Sales and marketing expenses consist primarily of costs of general marketing and promotional activities, advertising fees used to drive subscriber acquisition, commissions, the production costs to create our advertisements, expenses related to employees who manage our sales and marketing efforts, as well as brand and allocated overhead costs.

General and administrative

General and administrative expenses consist primarily of employee-related expenses for the executive, finance, accounting, legal, and human resources functions. Employee-related expenses consist of salaries, taxes, benefits and equity-based compensation. In addition, general and administrative expenses include non-personnel costs, such as legal, accounting and other professional fees, variable credit card fees, variable mobile enrollment costs, and all other supporting corporate expenses not allocated to other departments including overhead and acquisition-related costs.

Interest income, net

Interest income, net primarily consists of interest income from our investment holdings and discount accretion on our marketable securities partially offset by issuance costs on our revolving credit facility.

Other income (expense), net

Other income (expense), net consists of certain non-recurring non-operating items, and subsequent revaluations of the tax receivable agreement liability.

Provision for income taxes

The Company is the sole managing member of Alclear, which is treated as a partnership for U.S. federal and most applicable state and local income tax purposes. As a partnership, Alclear is not subject to U.S. federal and most state and local income taxes. Any taxable income or loss generated by Alclear is passed through to and included in the taxable income or loss of its members, including the Company, based on ownership interest. The Company is subject to U.S. federal income taxes, in addition to state and local income taxes with respect to its allocable share of any taxable income or loss of Alclear, as well as any stand-alone income or loss generated by the Company. The Company is also subject to income taxes in Israel, Argentina, and Mexico.

Liquidity and Capital Resources

Our operations have been financed primarily through cash flow from operating activities. As of June 30, 2026, we had cash and cash equivalents of \$128.2 million and marketable securities of \$831.0 million.

Historically, our principal uses of cash and cash equivalents have included funding our operations, capital expenditures, repurchases of members' equity and more recently, business combinations and investments that enhance our strategic positioning. We may also use our cash and cash equivalents to repurchase our Class A Common Stock, pay cash dividends and distribute to members for tax payments. We plan to finance our operations, future stock repurchases, cash dividends and capital expenditures largely through cash generated from operations. We believe our existing cash and cash equivalents, marketable securities, cash provided by operations and the availability of additional funds under our Credit Agreement (as defined below) will be sufficient to meet our working capital and capital expenditure needs for at least the next 12 months, including payment of dividends, potential stock repurchases, and known commitments and contingencies as discussed below. We expect that future capital expenditure will generally relate to building enhancements to the functionality of our current platform, equipment, leasehold improvements and furniture and fixtures related to office expansion and relocation, and general corporate infrastructure.

Share Repurchases

On May 13, 2022, the Company's Board authorized a share repurchase program pursuant to which the Company may purchase up to \$100 million of its Class A Common Stock, with subsequent increases to the repurchase program authorized by the Board in November 2023, March 2024, August 2024, February 2025, and February 2026. Under the repurchase program, the Company may purchase shares of its Class A Common Stock on a discretionary basis from time to time through open market repurchases, privately negotiated transactions, or other means, including through Rule 10b5-1 trading plans. The timing and actual number of shares repurchased will be determined by management depending on a variety of factors, including stock price, trading volume, market conditions, and other general business considerations. The repurchase program has no expiration date and may be modified, suspended, or terminated at any time. During the six months ended June 30, 2026, the Company repurchased 39,901 shares for \$1.2 million. The repurchased shares were retired. As of June 30, 2026, \$250.3 million remained available under the repurchase authorization.

Dividends

Below is a summary of the Company's quarterly and special dividends declared and paid to holders of record of Class A Common Stock and Class B Common Stock during the six months ended June 30, 2026 and 2025:

Dividend Type	Dividend Declaration Date	Record Date	Payment Date	Dividend per Share
Quarterly	February 21, 2025	March 10, 2025	March 18, 2025	\$ 0.125
Quarterly	May 6, 2025	June 10, 2025	June 17, 2025	\$ 0.125
Quarterly	February 25, 2026	March 10, 2026	March 24, 2026	\$ 0.150
Quarterly	May 6, 2026	June 10, 2026	June 24, 2026	\$ 0.150
Special	February 21, 2025	March 10, 2025	March 18, 2025	\$ 0.270
Special	February 25, 2026	March 10, 2026	March 24, 2026	\$ 0.200

To the extent the quarterly or special dividends exceed the Company's current and accumulated earnings and profits, a portion of such dividends may be deemed a return of capital gain to the holders of our Class A Common Stock or Class B Common Stock, as applicable.

Refer to our risks and uncertainties discussed under the heading "Forward-Looking Statements" and in Part II. Item 1A. "Risk Factors."

Credit Agreement

On March 31, 2020, we entered into a credit agreement (as amended, restated or otherwise modified, the "Credit Agreement") for a three-year \$50 million revolving credit facility with a maturity date of March 31, 2023 (which has since been amended to extend the maturity date to June 28, 2026). Borrowings under the Credit Agreement generally bear interest between 1.5% and 2.5% per year and also include interest based on the greater of the prime rate, London Interbank Offered Rate ("LIBOR") or New York Federal Reserve Bank ("NYFRB") rate, plus an applicable margin for specific interest periods. In April 2021, the Company increased the size of the revolving credit facility to \$100 million, which matures three years from the date of the increase. The revolving credit facility includes a letter of credit sub-facility, in the amount of \$50 million. In June 2023, the Company entered into a second amendment to the Credit Agreement to transition from LIBOR to the Secured Overnight Financing Rate ("SOFR") as our benchmark interest rate. In November 2024, the Company entered into Amendment No. 3 to the Credit Agreement to increase the letter of credit sublimit from \$35 million to \$50 million. In June 2026, the Company entered into Amendment No. 4 to (i) reduce the lender commitments under the Credit Agreement from \$100 million to \$50 million and (ii) to extend the maturity date to June 23, 2031.

We have the option to repay any borrowings under the Credit Agreement without premium or penalty prior to maturity. In addition, the Credit Agreement contains certain other covenants (none of which relate to financial condition), events of default and other customary provisions. The Credit Agreement contains customary affirmative covenants, such as financial statement reporting requirements and delivery of borrowing base certificates, as well as customary covenants that restrict our ability to, among other things, incur additional indebtedness, sell certain assets, guarantee obligations of third parties, declare dividends or make certain distributions, and undergo a merger or consolidation or certain other transactions.

As of June 30, 2026, the Company had a remaining borrowing capacity of \$17.7 million, net of standby letters of credit, and had no outstanding debt obligations. As of June 30, 2026, the Company was in compliance with all of the financial and non-financial covenants of the Credit Agreement. Refer to [Note 18](#) within the condensed consolidated financial statements for further details.

Cash flows from operating activities

For the six months ended June 30, 2026, net cash provided by operating activities was \$391.5 million compared to net cash provided by operating activities of \$221.3 million for the six months ended June 30, 2025, an increase of \$170.2 million primarily due to higher net income, year-over-year favorable changes in working capital of \$101.0 million driven by higher partnership liabilities and deferred revenue, and an increase in non-cash adjustments to net income of \$16.9 million driven primarily by higher deferred income tax expense.

Cash flows from investing activities

For the six months ended June 30, 2026 net cash used in investing activities was \$235.5 million compared to net cash provided by investing activities of \$16.6 million for the six months ended June 30, 2025, a decrease of \$252.1 million. The change was primarily due to an increase in the net purchases of marketable securities of \$245.0 million, an increase in capital expenditures of \$4.9 million, partially offset by a decrease in proceeds from a divestiture of \$2.7 million.

Cash flows from financing activities

For the six months ended June 30, 2026, net cash used in financing activities was \$113.5 million compared to net cash used in financing activities of \$216.3 million for the six months ended June 30, 2025, a decrease of \$102.8 million. The change was primarily due to a decrease in the amounts used to repurchase Class A Common Stock of \$125.1 million and a decrease in payments of dividends and distributions of \$7.3 million, partially offset by an increase in payments of taxes on net settled stock-based awards of \$15.4 million and higher TRA payments of \$13.9 million.

Commitments and Contingencies

We have non-cancelable operating lease arrangements for office space. As of June 30, 2026, we had future minimum payments of \$167.4 million, with \$15.0 million due within twelve months.

We have and continue to enter into agreements with airports for access to floor and office space. As of June 30, 2026, we had future minimum payments of \$86 million.

We have commitments for future marketing expenditures to sports stadiums of \$5.1 million as of June 30, 2026.

We are subject to certain minimum spend commitments of approximately \$0.0 million over the next two years under service arrangements.

Critical Accounting Policies and Estimates

The preparation of the condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported periods. The Securities and Exchange Commission (“SEC”) has defined a company’s critical accounting policies as the ones that are most important to the portrayal of a company’s financial

condition and results of operations, and which require a company to make its most difficult and subjective judgments. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates. The Company's critical accounting policies and estimates are described under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K. Additionally, please refer to [Note 2](#) within the condensed consolidated financial statements for further information on our critical accounting policies and estimates.

Recent Accounting Pronouncements

Refer to [Note 2](#) within the condensed consolidated financial statements, for recently issued accounting pronouncements and their expected impact.

Item 3. Quantitative and Qualitative Disclosure about Market Risk

In the normal course of business, we are subject to a variety of risks which can affect our operations and profitability. We broadly define these areas of risk and interest rate risk.

Interest Rate Risk

We had cash and cash equivalents of \$128.2 million as of June 30, 2026. Cash and cash equivalents includes highly liquid securities that have a maturity of three months or less at the date of purchase. The fair value of our cash and cash equivalents would not be significantly affected by either a 10% increase or decrease in interest rates due mainly to the short-term nature of these instruments.

We manage cash and cash equivalents in various institutions at levels beyond federally insured limits per institution, and we may purchase investments not guaranteed by the FDIC. Accordingly, there is a risk that we will not recover the full principal of our investments or that their liquidity may be diminished

Debt

Interest payable on our revolving credit facility is variable. Borrowings generally will bear interest based on the greater of the prime rate, SOFR or NYFRB rate, plus an applicable margin for specific interest periods. As of June 30, 2026, we had no outstanding borrowings under the revolving credit facility.

Investments in Marketable Securities

We had marketable securities totaling \$831.0 million as of June 30, 2026. This amount was invested primarily in money market funds, commercial paper, corporate notes and bonds, and government securities. Our investments are made for capital preservation purposes and we do not enter into investments for trading or speculative purposes. We are exposed to market risk related to changes in interest rates where a decline in interest rates would reduce our interest income, net and conversely, an increase in interest rates would have an adverse impact on the fair value of our investment portfolio. The effect of a hypothetical 100 basis points increase or decrease in overall interest rate would result in unrealized loss or gain to our "available for sale" investment fair value of approximately \$5.2 million that would be recognized in accumulated other comprehensive loss within the condensed consolidated balance sheets.

Foreign Currency Transaction and Translation Risk

Fluctuations in foreign currencies impact the amount of total assets, liabilities, revenues, operating expenses and cash flows that we report for our foreign subsidiaries upon the translation of these amounts into U.S. dollars. Since the majority of our business is transacted in the U.S. dollar, foreign currency transaction and translation risk was insignificant for the three and six months ended June 30, 2026.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) as of the quarter ended June 30, 2026. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the quarter ended June 30, 2026, our disclosure controls and procedures were effective in providing reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act, is (i) recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and (ii) accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, with the Company have been detected.

Changes in Internal Control

There were no changes in our internal control over financial reporting identified in management's evaluation pursuant to Rules 13a-15(d) or 15d-15(d) of the Exchange Act during the quarter ended June 30, 2026 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, the Company is subject to commercial litigation claims and various legal proceedings, as well as administrative and regulatory reviews arising in the ordinary course of business. We currently believe that the ultimate outcome of such lawsuits, proceedings and reviews will not, individually or in the aggregate, have a material adverse effect on our condensed consolidated financial statements.

Item 1A. Risk Factors

We have disclosed under the heading “Risk Factors” in our Annual Report on Form 10-K the risk factors which materially affect our business, financial condition or results of operations. There have been no material changes from the risk factors previously disclosed. You should carefully consider the risk factors set forth in the Annual Report on Form 10-K and the other information set forth elsewhere in this Quarterly Report on Form 10-Q. You should be aware that these risk factors and other information may not describe every risk facing our company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities

During the six months ended June 30, 2026, certain non-controlling interest holders exchanged their AlcLEAR Units and corresponding shares of Class C Common Stock or Class D Common Stock for shares of the Company’s Class A Common Stock or Class B Common Stock, as applicable. As a result, the Company issued 2,449,104 shares of Class A Common Stock.

Issuer Purchases of Equity Securities

Below is a summary of the repurchases during the three months ended June 30, 2026 (in millions, except share and per share amounts):

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plan or Program	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan or Program ¹
April 1, 2026 - April 30, 2026	—	\$ —	—	\$ 250.3
May 1, 2026 - May 31, 2026	—	\$ —	—	\$ 250.3
June 1, 2026 - June 30, 2026	—	\$ —	—	\$ 250.3
Total	—	\$ —	—	

¹Excludes commissions

All purchases of Class A Common Stock reported in the above table were purchased by the Company pursuant to the Company’s share repurchase program, authorized by the Board on May 13, 2022, and increased on November 8, 2023, March 21, 2024, August 5, 2024, February 21, 2025, and February 25, 2026. The share repurchase program provides for the purchase by the Company of up to \$600 million of the Company’s Class A Common Stock on a discretionary basis from time to time through open market repurchases, privately negotiated transactions, or other means, including through Rule 10b5-1 trading plans. As of June 30, 2026, \$250.3 million remained available under the repurchase authorization. The timing and actual number of shares repurchased will be determined by management depending on a variety of factors, including stock price, trading volume, market conditions, and other general business considerations. The repurchase program has no expiration date and may be modified, suspended, or terminated at any time. The above table excludes shares repurchased to settle employee tax withholding related to the vesting of stock awards.

Item 3. Defaults Upon Senior Securities.

None

Item 4. Mine Safety Disclosures.

Not applicable

Item 5. Other Information.*Rule 10b5-1 Trading Plans*

The adoption or termination of contracts, instructions or written plans for the purchase or sale of our securities by our Section 16 officers and directors for the three months ended June 30, 2026, each of which is intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) under the Exchange Act (“Rule 10b5-1 Plan”), were as follows:

Name	Title	Date of Adoption of Rule 10b5-1 Trading Plan	Scheduled Expiration Date of Rule 10b5-1 Trading Plan	Number of Shares to be Sold under the Plan¹
Dennis Liu	Chief Accounting Officer	May 14, 2026	April 1, 2027	13,872

¹Securities reported in this column reflect restricted stock units (“RSUs”) and shares of common stock, as appropriate. In the case of RSUs, quantities included in this column reflect the full amount of RSUs as reported in an officer’s respective plan and do not reflect the impact of tax withholding which will not be determined until the RSUs vest.

**AMENDMENT NO. 1 TO THE
TAX RECEIVABLE AGREEMENT**

among

CLEAR SECURE, INC.

and

THE PERSONS NAMED THEREIN

Dated as of April 7, 2026

AMENDMENT NO. 1 TO THE TAX RECEIVABLE AGREEMENT (this “Amendment”), dated as of April 7, 2026, is hereby entered into by and among Clear Secure, Inc., a Delaware Corporation (the “Corporate Taxpayer”) and each of the undersigned parties. Defined terms used herein but not defined herein shall have the meanings ascribed to them in the Tax Receivable Agreement (as defined below).

W I T N E S S E T H:

WHEREAS, the Corporate Taxpayer entered into the Tax Receivable Agreement, dated as of June 29, 2021 (the “Tax Receivable Agreement”), with the persons from time to time party thereto (the “Members”);

WHEREAS, the Tax Receivable Agreement can be amended at any time and from time to time in writing by the Corporate Taxpayer and the Persons who would be entitled to receive at least two-thirds of the Early Termination Payments payable to all Persons entitled to Early Termination Payments under the Tax Receivable Agreement if the Corporate Taxpayer had exercised its right of early termination on the date of the most recent Exchange in accordance with Section 7.07 of the Tax Receivable Agreement; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein made and other good and valuable consideration, the parties hereto hereby agree to amend the Tax Receivable Agreement as follows:

1. The definition of “Member Representative” in Article I, Section 1.01 of the Tax Receivable Agreement, shall be amended and restated in its entirety as follows:

“Member Representative” means Robert Mylod; provided, that upon (i) the resignation of the current Member Representative, (ii) the death or dissolution of the current Member Representative, (iii) the good faith determination by the Corporate Taxpayer that the current Member Representative is disabled or otherwise unable to fulfill its duties as the Member Representative hereunder or (iv) the removal of the current Member Representative in writing by Persons who would be entitled to receive at least two-thirds of the Early Termination Payments payable to all Persons entitled to Early Termination Payments under this Agreement if the Corporate Taxpayer had exercised its right of early termination on the date of the most recent Exchange prior to such removal, the Board may appoint a successor Person that is a Member to be the Member Representative hereunder, and such Person shall be the Member Representative and assume all rights, powers and obligations of the Member Representative hereunder until such Person’s successor is appointed in accordance with this proviso.

[Signature Page follows]

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be duly executed as of the day and year first written above.
