Definitions of Key Performance Indicators

To evaluate performance of the business, we utilize a variety of other non-GAAP financial reporting and performance measures. These key measures include Total Bookings, Total CLEAR Members, and Active CLEAR+ Members.

Total Bookings

Total Bookings represent our total revenue plus the change in deferred revenue during the period. Total Bookings in any particular period reflect sales to new and renewing CLEAR+ subscribers plus any accrued billings to partners. Management believes that Total Bookings is an important measure of the current health and growth of the business and views it as a leading indicator.

Total CLEAR Members

We define Total CLEAR Members as the cumulative number of Members that have registered for the CLEAR platform since inception as of the end of the period. This includes Members who have enrolled through CLEAR+, trials, single-use product purchases, other non-paid uses of the CLEAR platform, and associated family accounts. Total CLEAR Members exclude members who are solely marketing opt-ins and purged accounts, and are adjusted to remove identified duplicate non-paid accounts. Management views this metric as an important tool to analyze the efficacy of our growth and marketing initiatives as new Members are potentially a current and leading indicator of revenues.

Active CLEAR+ Members

We define Active CLEAR+ Members as the number of members with an active CLEAR+ subscription as of the end of the period. This includes CLEAR+ members who have an activated payment method, plus associated family accounts and is inclusive of Members who are in a trial or in a billing grace period. Management views this as an important tool to measure the growth of its CLEAR+ product.

Prior period Active CLEAR+ Members have been recast to reflect the removal of certain lapsed accounts identified in connection with a billing system transformation project undertaken during 2025. This recast had no impact on our consolidated financial statements or non-GAAP financial measures. There has been no other change in the calculation of Active CLEAR+ Members.

Non-GAAP Financial Measures

In addition to our results as determined in accordance with GAAP, we disclose Adjusted EBITDA, Adjusted EBITDA Margin, and Free Cash Flow as non-GAAP financial measures that management believes provide useful information to investors. These measures are not financial measures calculated in accordance with GAAP and should not be considered as a substitute for net income, net income margin, net cash provided by (used in) operating activities or any other operating performance measure calculated in accordance with GAAP, and may not be comparable to a similarly titled measure reported by other companies. Our Non-GAAP financial measures are expressed in thousands, unless otherwise indicated. We periodically reassess the components of our Non-GAAP adjustments for changes in how we evaluate our performance and changes in how we make financial and operational decisions to ensure the adjustments remain relevant and meaningful.

Adjusted EBITDA and Adjusted EBITDA Margin

We define Adjusted EBITDA as net income adjusted for income taxes, interest (income), net, depreciation and amortization, impairment and losses on asset disposals, equity-based compensation expense, net other (income) expense excluding sublease rental income, acquisition-related costs and changes in fair value of contingent consideration. We define Adjusted EBITDA Margin as Adjusted EBITDA expressed as percentage of revenue. Adjusted EBITDA and Adjusted EBITDA Margin are important financial measures used by management and our board of directors ("Board") to evaluate business performance. We believe Adjusted EBITDA and Adjusted EBITDA Margin assist investors in evaluating the performance of the Company's core operations by excluding certain items that impact the comparability of results from period to period.

Free Cash Flow

We define Free Cash Flow as net cash (used in) provided by operating activities adjusted for purchases of property and equipment. We believe Free Cash Flow provides useful information to management and investors about the Company's liquidity and cash flow trends. With regards to our CLEAR+ subscription service, we generally collect cash from our Members upfront for annual subscriptions. As a result, when the business is growing Free Cash Flow can be a real time indicator of the current trajectory of the business.

Information reconciling forward-looking net cash provided by operating activities to our free cash flow guidance is not available without unreasonable effort due to high variability, complexity and uncertainty with respect to forecasting and quantifying certain amounts that are necessary for such reconciliation. For those reasons, we are unable to compute the probable significance of the unavailable information, which could have a potentially unpredictable, and potentially significant, impact on our future net cash provided by operating activities.

See below for reconciliations of these non-GAAP financial measures to their most comparable GAAP measures.

Cautionary Note Concerning Forward-Looking Statements

This release contains statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to the Company's future financial or business performance, strategies or expectations, and as such are not historical facts. This includes, without limitation, statements regarding the Company's financial position, capital structure, business strategy and plans and objectives of management for future operations, as well as statements regarding planned eGate rollout timing, the expected outcomes of our partnerships and pilot programs with government agencies, including the Centers for Medicare & Medicaid Services and the U.S. Department of Veterans Affairs, the amount and timing of future share repurchases and dividends, the expansion of our airport network and premium services, including CLEAR Concierge, our expectations regarding full-year Adjusted EBITDA margin, the expected timing and amount of payments under our agreement with our credit card partner, the expected quarterly distribution of Free Cash Flow beginning in 2027, anticipated growth in Members and average revenue per Member, the timing of large CLEAR1 contracts, our expected use of artificial intelligence and our expansion into cybersecurity markets, the launch, adoption and expected benefits of new products and features, including updates to the CLEAR app, the expected benefits of our integrations with technology partners and our cross-sell and upsell opportunities, business momentum, growth, anticipated demand for our products and services and our business prospects during 2026 and 2027, as well as our guidance for the fourth quarter and full year 2026. In some cases, you can identify forward-looking statements because they contain words such as "anticipate," "believe," "contemplate," "continue," "could," "estimate," "expect," "forecast," "guidance," "intend," "may," "plan,"

“potential,” “predict,” “project,” “seek,” “should,” “target,” “will” or “would” or the negative of these words or other similar terms or expressions, although not all forward-looking statements contain these identifying words.

The forward-looking statements contained in this release are based on current expectations and beliefs concerning future developments and their potential effects on the Company. Investors are cautioned that any such forward-looking statements are not guarantees of future performance or results and involve risks and uncertainties (some of which are beyond the Company’s control), and that actual results, developments and events may differ materially from those in the forward-looking statements as a result of various factors, including but not limited to: risks relating to adding and retaining Members and partners, including Active CLEAR+ Members, or failing to increase the utilization of our platform; our inability to meet stakeholder expectations or maintain the value and reputation of our brand; failure to successfully compete, and the highly competitive market in which we operate; risks associated with government contracts and pilot programs, including that pilots may not lead to definitive agreements or broader deployment, and that such contracts may be subject to appropriations and termination for convenience; the timing and amount of payments under our partner arrangements, including our agreement with our credit card partner, which may cause Free Cash Flow to vary from period to period; delays in eGate deployment, including approvals from airport operators and governmental stakeholders; risks associated with our development and use of artificial intelligence, including that it may not deliver expected efficiencies or market adoption; our estimates of market opportunity may prove inaccurate; risks associated with the increased adoption of new technological solutions and services, including third-party identity verification solutions and credential authentication solutions; public confidence in, and acceptance of, identity platforms and biometrics generally, and our platform specifically; failure to successfully implement strategies to increase adoption of our platform or expand into new verticals; risks associated with our commercial agreements and strategic alliances, as well as potential indemnification obligations and certain of our agreements with third parties; risks related to the dependence of portions of our business and results of operations on concessionaire agreements; risks associated with our growth and ability to develop and introduce platform features and offerings, and the need for adequate research and development resources; risks associated with any decline or disruption in the travel industry or a general economic downturn; risks related to our need for additional capital to support our business growth and objectives, and risks that this capital may not be available to us on reasonable terms (or at all) and may result in shareholder dilution; risks associated with acquisitions and other strategic transactions; the need for high-quality personnel; risks associated with the complexity of our platform, including the negative impacts of any errors, system failures or the failure to successfully implement upgrades or new technology; the risk that our marketing efforts may not be effective; risks associated with changes in the Internet browsers and mobile device accessibility of Members; the ability to maintain our corporate culture; risks associated with payment processing; risks relating to prospective public private partnerships in airports; potential adverse impacts of climate change; our limited experience operating outside of the United States and risks associated with international operations; risks associated with breaches of our information technology systems or those of third parties upon which we rely, protection of our intellectual property, technology and confidential information and failures by third-party technology and devices on which our business relies; our reliance on third-party technology and information systems and our ability to find alternatives if such technology and information systems fail; potential liability due to the infringement on third-party intellectual property by technologies that we incorporate into our products; our ability to meet the standards set for our airport operations by governmental stakeholders; the risk that we may be sued by third parties for alleged infringement, misappropriation or other violations of intellectual property and other proprietary rights; risks associated with the actual or perceived failure to comply with applicable biometrics, artificial intelligence, health information and data privacy laws; failure to comply with the constantly evolving laws and regulations that we are or may become subject to; potential legal proceedings, regulatory disputes and governmental inquiries; coverage afforded under our insurance policies may be inadequate; risks associated with the use of “open source” software; limitations of the SAFETY Act’s liability protections; risks associated with our financial performance, including the risk of increased expenses and net losses in the near term and our ability to achieve or sustain profitability in the future; the failure of our estimates or judgments relating to our critical accounting policies; the risk that our focus on delivering a safe, reliable, predictable and frictionless Member experience may not maximize short-term financial results, which may yield results that conflict with the market’s expectations and could result in our stock price being negatively affected; risks associated with our structure as a holding company, and our reliance on Alclear Holdings, LLC for certain distributions; risks associated with dividend payments and share repurchases; risks associated with our organizational structure, including those related to our Tax Receivable Agreement; the control of the Company by our co-founder, whose interests in our business may be different than those of our other stockholders; restrictions under our Credit Agreement; the unpredictable nature of tax attributes that will impact our tax treatment; substantial future sales of shares of our Class A Common Stock could cause our stock price to fall; failure to maintain adequate internal controls; the risk that provisions in our charter documents and certain rules imposed by regulatory authorities may delay or prevent our acquisition by a third party; the volatility of our stock price; risks related to the founder performance-based restricted stock unit awards granted at the time of our initial public offering; future issuances of securities, including preferred securities, the terms of which could adversely affect the voting power or value of our Common Stock; and other risks and uncertainties indicated in the Company’s Securities and Exchange Commission (the "SEC") reports or documents

filed or to be filed with the SEC. Forward-looking statements included in this release speak only as of the date of this release or any earlier date specified for such statements.
